

A Plaster or some
Cotton Wool will be put
over the spot to stop it
bleeding

Your name and birthday
will be written on the
bottle and sent for
testing

You will need
to see your
doctor to get
the test results

Having a Blood Test

An Information Leaflet

The Nurse or Doctor or
May want to take
blood from you at
the surgery

It could be:

Because You're
Feeling Unwell

To check if
your treatment
is working

You will need to give
your consent

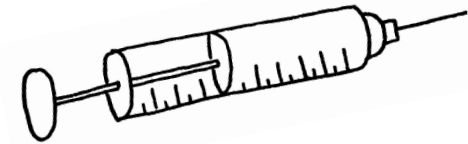

Say Yes or No if you
want to have the
blood test

It is a good idea
to say yes if
the doctor says
you need to

Having the Test

The Nurse or Doctor
will put a band at the
Top of your Arm

It will make it easier to
put the needle
into your vein to
get the blood

They will wear **Gloves**.
They will do this for
everyone

It may hurt a little
but it is over quickly
