Looking after your diabetes during the COVID-19 pandemic

Some diabetes services have been disrupted during the COVID-19 pandemic. The following is to help you look after yourself during this time.

<table>
<thead>
<tr>
<th>Looking after yourself</th>
<th>Seeking help</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Keep well</strong> by taking your usual medication as prescribed, following a healthy diet and taking regular exercise if you can. These are the most important things to do for your health.</td>
<td><strong>Know when to call for help</strong> and who to call. Both primary care services and secondary care services are open for those who need it and changes have been made to make it safe to attend. Local contact ________________________</td>
</tr>
<tr>
<td><strong>Reduce your risk</strong> of catching COVID-19 infection by following all the local rules, frequent hand-washing, maintaining social distancing and wearing a mask. (See diabetes.org.uk/coronavirus for guidance)</td>
<td><strong>Seek help</strong> on this contact number if:</td>
</tr>
<tr>
<td><strong>Make sure you have your FREE influenza (flu) vaccine</strong> This is really important to protect you from influenza at a time when COVID-19 is also a health risk. This can be arranged at your GP surgery.</td>
<td>• Your glucose levels become persistently higher than usual</td>
</tr>
<tr>
<td></td>
<td>• You have frequent or recurrent hypoglycaemia (glucose levels below 4mmol/l)</td>
</tr>
<tr>
<td></td>
<td>• You are planning a pregnancy or are pregnant</td>
</tr>
<tr>
<td></td>
<td>• You are unsure what to do about your diabetes medication</td>
</tr>
<tr>
<td><strong>This is a time of high stress and anxiety</strong> Resources to help with this may be found at <a href="http://www.diabetespsychologymatters.com">www.diabetespsychologymatters.com</a></td>
<td><strong>Urgent help required if:</strong></td>
</tr>
<tr>
<td></td>
<td>• You are vomiting or unable to eat</td>
</tr>
<tr>
<td></td>
<td>• You feel unwell</td>
</tr>
<tr>
<td></td>
<td>• You become drowsy or breathless</td>
</tr>
<tr>
<td></td>
<td>• You have abdominal pain</td>
</tr>
<tr>
<td></td>
<td>• You have significant ketones</td>
</tr>
<tr>
<td></td>
<td>Contact your GP, NHS 111 or in case of emergency dial 999</td>
</tr>
</tbody>
</table>
You can check your feet using the touch your toes test on the following link:

For people living with type 1 diabetes

For people living with type 2 diabetes

Follow Sick day rules if you are feeling unwell. (See the web addresses below)

Looking after your eyes

Diabetes Eye Screening Wales (DESW) is restarting. If you have a concern about your vision, please either contact your GP, your optician or your local eye emergency department.

Pocket Medic Films

Short films made in Wales by people with diabetes and their healthcare professionals. These will help to support you with various aspects of your diabetes.

- Personal Safety
- Work

Call 03002225720

Text 07537432416

Or visit www.bame.wales

REMEMBER, Your local authority is there to help you too

Examples include; access to food, collecting medicines or support from voluntary groups.

A list of telephone numbers for local authorities is attached. See the Welsh Government website at gov.wales/help-vulnerable-local-authorities-and-voluntary-groups

Using web addresses

The symbol of the left indicates where there is a web address for more information on the internet. Follow these steps to find the internet pages.

- Go to your internet homepage (Google chrome, explorer, Microsoft edge, Safari)
- Type the web address (exactly as it is written)
- Press the ”enter” key on your keyboard
